Leave No Trace

Organization Changes Training Structure & Nomenclature

The BSA is grateful for our longtime partnership with the Leave No Trace organization. The Leave No Trace Seven Principles are part of every level of the Scouting program and help guide our perspective on outdoor ethics.

Recently, Leave No Trace updated its training and nomenclature. These Leave No Trace updates will be reflected in BSA resources and materials as updates are made over time.

Please note - the Leave No Trace Instructor track now includes Level 1 and Level 2. These trainings replace the terms Leave No Trace Trainer and Leave No Trace Master Educator.

For more informal and a list of frequently asked questions, please visit lnt.org.

Questions? outdoorprograms@scouting.org.

BSA Selects New President and Chief Executive Officer

Following an extensive selection process, the Boy Scouts of America (BSA) has chosen Roger A. Krone to serve as its next President and Chief Executive Officer.

Krone recently retired as the Chairman and CEO of Leidos, a \$15 billion Fortune 250 government technology solutions firm.

An Eagle Scout who spent summers at Scout camp and Philmont Scout Ranch, Krone regularly applied the lessons he learned in Scouting during an engineering and aerospace career spanning more than 45 years.

“As a life-long Scout, the opportunity to lead the Scouting movement represents the perfect capstone to a long and fruitful career and a chance to give back,” said Krone. “The program was a big part of my life and the lives of my children. I want to make sure every child has an opportunity to have that same amazing experience.”

Prior to his work at Leidos, he held leadership roles at some of the most prominent aerospace companies in the world, including serving as President of Network and Space Systems at Boeing. An inspiring leader with a passion for people, Krone has a strong track record of

uniting teams under a shared vision to achieve operational excellence – even amidst organizational challenges and societal change.

“His experience, combined with his personal passion for Scouting, will enable him to look at a familiar organization in new ways and find innovative approaches to welcoming more youth into the adventure of Scouting. Our movement could not be more excited to welcome him as our new leader,” said Brad Tilden, who serves as the BSA’s National Chair.

Krone earned a bachelor’s degree in aerospace engineering from the Georgia Institute of Technology, a master’s degree in aerospace engineering from the University of Texas at Arlington, and a Master of Business Administration from the Harvard Graduate School of Business. A Six Sigma Green Belt, he is both a licensed commercial pilot and a certified public accountant. He is also a Fellow of the American Institute of Aeronautics and Astronautics and a member of the National Academy of Engineering.

Community Service Opportunity

Please plan to join the Bartlesville Chapter of the National Society Daughters of the American Revolution (NSDAR) at White Rose Cemetary in Bartlesville on December 16, 2023, at 11:00 AM to participate in [Wreaths Across America](#).

This is an opportunity for Scouts of all ages to learn about being reverent and honor service members by laying Remembrance wreaths on the graves of our country's fallen heroes.

Please help honor and remember as many fallen heroes as possible by [sponsoring remembrance wreaths](#), volunteering on Wreaths Day, or inviting your family and friends to attend with you.
